

Technical Description:

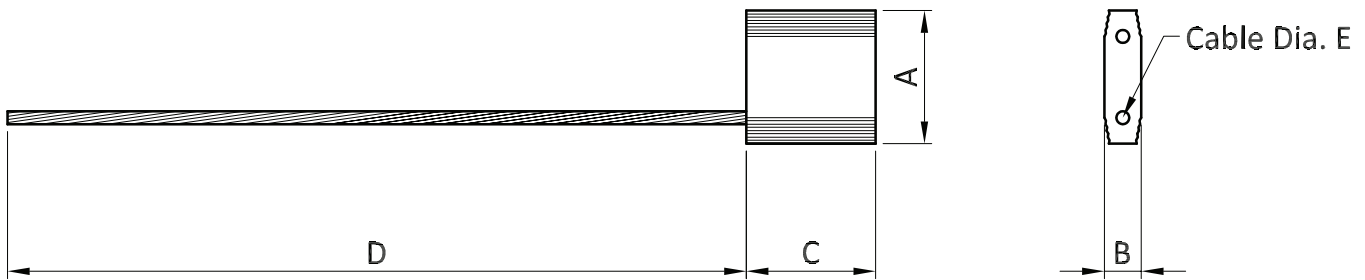

Car seals are manufactured with a zinc body and come complete with 95cm Stainless Steel cable attached. Ideal for long term uses, each car seal is self locking so once the cable passes through the body the only way to remove it is by cutting. All seals are individually numbered to prevent tampering and allow easy identification. Supplied in packs of 100.

Materials:

- Body: Zinc
- Cable: Stainless Steel
- Pull Strength: 1,200kg
